

Post Protector Stainless Steel

The AUTOPA Post Protector is ideal for busy car parks. This post protector will help shield lamp posts, EV charging points and other fragile car park furniture from vehicle damage.

Manufactured from galvanised mild steel this protector sits at a car's bumper height and is designed to withstand the knocks and bumps that will inevitably occur.

Part Number	Description - Tube size, height x width	Weight (kg)
138 515 175	48mm 750 x 340 - Stainless Steel Grade 304 - Concrete In	8kg
