

Wheel Guide 139 & 168 1500mm or 2000mm Galvanised or Galvanised & Colour

The AUTOPA Wheel Guide is ideal for providing guidance for reversing vehicles in loading bays. The Wheel Guide is available in 76mm, 90mm, 139mm and 168mm outside diameter mild steel galvanised tube which can be coated yellow to increase visibility. The Wheel Guide is available in two lengths, 1500mm or 2000mm.

All products in the range are galvanised mild steel, ensuring their longevity and are designed to take the knocks and bumps that occur in the warehouse and factory environment. The Wheel Guide is also suitable for use as a low level protection rail.

Part Number	Description	Weight (kg)
