

Close Board Timber

PCD07

We install high quality close board fencing to BS 1722 and using feathered boards overlapped to create a solid appearance and supported on timber rails, which in turn are fixed to concrete or galvanised steel posts.

All timber on our close board fencing is pressure treated and the length and the height of the fence can be between 1.2m to 3m.

Applications

Domestic
Schools
Parks
Retail
Local Authorities

Product Data

Finish	Pressure Treated	
Height	Post Length	Panel Width
1.2m	1.8m	2.4m to 3.0m
1.8m	2.4m	2.4m to 3.0m
2.4m	3.0m	2.4m to 3.0m
3.0m	3.6m	2.4m to 3.0m
