

AF58 Aluminium

The AF58 range offers good quality entry level general purpose notice boards combining tried and tested construction with keenly competitive pricing. Boards are available in silver anodised finish or a choice of our 4 most popular RAL colours. Back panels are galvanised steel with a white lacquered finish allowing notices and posters to be easily and securely fixed with magnets.

All doors are lockable, fitted with plexichoc glazing as standard and seals to ensure a weathertight finish. All cases also feature anti-condensation vents. Landscape cases, AF58/18A4 and 21A4 feature top-hinged doors with gas stays.
